

HK Series - Drawn Cup Needle Roller Bearings

open end, acc. to DIN 618/ISO 3245, max. temperature 140°C.

For use with IR inner rings or a ground and hardened shaft, tolerance h6, HRC 58-64, surface Ra0,2(Rz1), roundness and parallelism IT 3. Housing bore tolerance for steel and cast iron N6, aluminium R6, magnesium S6, surface Ra0,8(Rz4), roundness and parallelism IT 5/2.
